Raleigh Fence Company

If you're in search of a reputable [Raleigh fence company](#) offering premium products and top-notch installation services, your search ends with AAA Fence and Deck Company. With over 30 years of combined experience, AAA Fence and Decks have been serving homeowners and businesses throughout The Triangle. Distinguished from other fence companies, we don't rely on local supply houses or contracted labor. At AAA Fence, we maintain a stock of materials that meet our stringent standards and conduct in-house fabrication. Our installation team comprises only skilled and experienced professionals employed by AAA Fence and Deck Company. They adhere to precise and proven specifications at every stage of the process, ensuring that your Raleigh fence meets the highest quality standards, utilizing superior materials and conforming to our rigorous quality and design criteria. Choose AAA Fence as your preferred Raleigh fence company for unparalleled service and craftsmanship.

Raleigh Fence Contractor

Choosing the right contractor is a crucial decision. Opt for a seasoned contractor with a track record of excellence and demonstrated results. With a multitude of reviews vouching for its credibility, AAA Fence and Deck Company stands out as the premier Raleigh fence contractor. When making this decision, it's crucial to evaluate the entire process, from material selection to fabrication and installation. Opt for a contractor with well-established and time-proven quality standards to construct your Raleigh fence.

Raleigh Vinyl Fence

There's a compelling reason why vinyl fences are consistently among our best-selling products. For those in search of a Raleigh privacy fence, AAA Fence and Deck Company's vinyl fences stand out, featuring our exclusive PrivacyLock technology. This innovative system employs a more effective locking mechanism compared to the tongue-and-groove connections found in other privacy fences. The advantages of PrivacyLock extend to eliminating wind penetration and minimizing the risk of fence failure. Another exclusive feature that comes standard in all our fences is SolarShield technology. This unique acrylic blend acts as a shield, safeguarding the color and sheen of your fence against the harmful impact of ultraviolet rays. Opt for the seasoned Raleigh vinyl fence company – with over 20 years of experience and millions of feet of vinyl fence installations. Our proprietary vinyl specification guarantees you never receive a lower grade or quality due to local supply shortages. We've defined our own vinyl grade to ensure we deliver the highest quality and longest-lasting Raleigh Vinyl fence.

Raleigh Wood Fence

If you're in search of a robust Raleigh wood fence, your quest ends here. There's nothing quite as timeless as the look of a traditional wood fence. Your Raleigh fence will be meticulously crafted on-site using premium lumber fence pickets with a 15-year warranty against termite damage. Diverging from other fence builders who opt for inexpensive and less durable nails, we employ galvanized ring shank nails that resist rusting and prevent pulling apart. With offices spanning from Miami-Dade to North Carolina, we've set the standard for our Raleigh wood fences by using the Miami-Dade wind code as a reference – the highest possible standard. Your wood fence will

adhere to rigorous standards, incorporating time-tested specifications for the utmost quality and long-lasting durability.

Raleigh Aluminum Fence

If you're in search of the sophistication offered by a slim-picket aluminum fence, or if your HOA mandates aluminum for all fences, we've got you covered. Invest in a new fence that not only enhances your immediate surroundings but also pays off in the long run. Your Raleigh aluminum fence not only promises elegance and sturdiness but also comes with a Lifetime Transferable warranty for added assurance. To safeguard your fence against fading and chalking, it comes equipped with our Superior powder coating featuring SolarShield – another exclusive innovation from Superior Fence & Rail. SolarShield acts as a shield, protecting your fence from the harmful effects of the sun's ultraviolet rays. Our Superior Raleigh aluminum fence powder coating meets the industry's strictest standards through rigorous salt spraying tests. We prioritize sourcing your aluminum locally, right here in the USA.
